### Independent Auditor's Report

#### To the Members of Ontario Association of Food Banks

We have audited the accompanying financial statements of Ontario Association of Food Banks, which comprise the statement of financial position as at March 31, 2015 and the statements of changes in fund balances, operations and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ontario Association of Food Banks as at March 31, 2015 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

#### March 31, 2015

#### 1. Nature of Operations and Summary of Significant Accounting Policies

### **Nature of Operations**

Ontario Association of Food Banks ("the Association") was incorporated as a corporation without share capital by letters patent under the Ontario Corporations Act on March 19, 1992. As a not-for-profit organization, the Association is exempt from the payment of income taxes as provided under the Income Tax Act and is a registered charity.

The Association is a membership organization of food banks throughout Ontario with a mandate to assist in meeting the immediate food needs of food bank recipients and to work towards long-term solutions to hunger and poverty.

#### **Basis of Accounting**

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

#### **Capital Assets**

Capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of the contribution. Amortization is provided on capital assets using the following annual rates and methods:

Furniture and equipment - 20 % declining balance basis Computer equipment - 40 % declining balance basis Leasehold improvements - 15 % straight line

#### **Revenue Recognition**

The Association follows the deferral method of accounting for donations and grants.

Unrestricted revenue including donations, gifts in kind, food drives, food program and national program are recognized as revenue in the year received. Unrestricted grants from other organizations are recognized as revenue in the year received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured. Restricted donations, member program revenue and restricted grants are recognized as revenue in the year in which the related expenses are incurred.

Conference fees are recognized when the conference occurs.

Membership fees are paid on an annual basis and are recognized over the term of membership.

#### March 31, 2015

#### 1. Nature of Operations and Summary of Significant Accounting Policies (continued)

#### **Donated Materials and Services**

Donated materials and services are recorded in the financial statements as gifts in kind at fair market value when fair market value can be reasonably estimated and when the Association would otherwise have required these items. Food, milk, and other supplies and other services of \$17,518,431 were donated during the year and are included in the statement of operations (2014 - \$17,579,516).

#### **Volunteer Hours**

Volunteer hours are not normally purchased and due to the difficulty in determining their fair market value, these contributed services are not recognized in the financial statements.

#### **Deferred Revenue**

Deferred revenue includes the portion of grants received that continue into the next fiscal period that are unspent at year end. Deferred revenue also includes conference fees collected in advance of the conference taking place.

#### **Operating Reserve**

The Operating Reserve Fund is an internally restricted fund for general operating contingencies and the development of food distribution systems. The funds are not available for use by the Association without the prior approval of the Board of Directors.

#### **Distribution Fund**

In 2006, the Association received a donation of \$340,623 from another entity in accordance with the terms of a lawsuit settlement. This income was reported in the statement of operations for the year ended December 31, 2006 and was subsequently transferred into the Distribution Fund. The Distribution Fund is an internally restricted fund used for unanticipated general contingencies. The funds cannot be utilized without the prior approval of the Board of Directors. Part of the fund has been used for member food banks. In 2011, \$51,565 was transferred from the distribution fund to the unrestricted fund. No funds have been expended during the current year.

#### **Financial Instruments**

Money market mutual funds are reported at fair value. All other financial instruments are reported at cost or amortized cost less impairment, if applicable. Financial assets are tested for impairment when changes in circumstances indicate the asset could be impaired. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items remeasured at fair value at each statement of financial position date and charged to the financial instrument for those measured at amortized cost.

#### March 31, 2015

#### 1. Nature of Operations and Summary of Significant Accounting Policies (continued)

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting standards for not-forprofit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the amounts of revenues and expenditures during the reporting year. Actual results could differ from management's best estimates, as additional information becomes available in the future.

#### 2. Cash

Within the cash balance, \$11,245 (2014 - \$15,380) is restricted for general operating contingencies and the development of food distribution systems.

#### 3. Money Market Mutual Funds

The Association's money market mutual funds are held at one financial institution. As at March 31, 2015, \$339,953 (2014 - \$335,818) is restricted for general operating contingencies and the development of food distribution systems.

#### 4. Capital Assets

		2015			2014
	Cost	 umulated ortization	Cost	_	Accumulated Amortization
Furniture and equipment Computer equipment	\$ 31,583 33,728	\$ 22,994 28,160	\$ 31,583 33,728	\$	20,847 24,447
	\$ 65,311	\$ 51,154	\$ 65,311	\$	45,294
Net book value		\$ 14,157		\$	20,017

#### March 31, 2015

#### 5. Financial Instrument Risk

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Association is exposed to interest rate risk arising from the possibility that changes in interest rates will affect the value of its money market mutual funds. The risk has not changed from prior year.

#### Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Association is exposed to credit risk arising from its accounts receivable. The majority of the Association's receivables are from its members. The risk has not changed from prior year.

#### 6. Commitments

The Association is committed to future annual operating lease payments for its current location as follows:

2016 2017	\$ 34,374 34,714
2018 2019	36,075 12,252
	\$ 117,415

#### 7. Comparative Figures

The comparative figures have been reclassified to conform to the presentation adopted in the current year.
